

*Paralyzed by too much stuff?  
Reclaim your life!*

## ***The Right Time to Right-Size is NOW!***

---

**What is right-sizing?** At some time in your life you realize that:

- you have too much “stuff;”
- you don’t have room to store all of your “stuff;”
- your “stuff” causes more stress than enjoyment!

**Right-sizing is regaining control of your things.  
And it can occur at any age and at any time of life.**

### **Why right-size?**

- Be in control of your things. Relieve the burden of unnecessary things that infringe upon your space.
- If it’s not used, it’s going to waste. Someone else needs it more than you.
- Experience freedom when you no longer have to take care of unnecessary belongings.
- Find what you need more quickly if it’s not lost amongst everything else.
- Be more comfortable and enjoy your home more fully NOW!

### **How to right-size**

- Focus on what you choose to keep. Give yourself permission to dispose of the leftovers.
- Start with one area – a drawer, a shelf, a cabinet; then step back and enjoy!
- Keep the things you use regularly.
- Keep the things you absolutely love!
- “Clutter” is anything that you don’t use or don’t truly love. Make room for your treasures by getting rid of clutter.
- Have a garage sale, estate sale, or auction if you want to turn your items into cash!
- Be generous – give to family and/or friends who may appreciate having your items.
- Donate to charity – let someone else benefit from the things you don’t need.

***Do you use your turkey roaster on holidays? If so, keep it. If you can’t remember the last time you used it, let it go!***

***What about your love letters? Keep those for sure! But give yourself permission to dispose of more trivial memorabilia.***

**What are you waiting for? Now is the time to right-size!**
