There are other stations available, but they are repeats of channels already listed. All networks have an internet website that lists the shows offered, and the dates and times of their showing. You can also go to [www.twc.com](http://www.twc.com) (time warner cable), and put in zip code for Oshkosh (54902) and see the listings for all channels available. This will give you the shows or movies for each channel and the times.
