

### Uncompensated and Benevolent Care

Uncompensated and Benevolent Care reflects charges not collected for services provided to residents unable to pay the full cost of their care and instances where third party payer(s) paid less than the full charge for the services provided. The Evergreen Foundation provides financial help for Evergreen residents who are unable to pay their full cost of care and services. Such benevolent need funds are provided by donations to the Foundation and earnings on Evergreen Foundation investments. The remaining funds are provided from other payers.

### Community Support

Evergreen offers partnership, leadership and financial support for improvements and enhancements for the greater community.

#### Partnerships

- Fox Valley Technical College
- Learning in Retirement
